

Request to Change Major/Program

Instructions: Use this form only if you will not be completing your current program. By filling out this form, you are indicating your intent to change from one program (major) to another or to change from one level to another (such as from PhD to master's level) without completing your current program. If you wish to begin or add a new program and you will complete your current program, you must fill out a new application form.

Please check here: [] I will not complete my current program. I want to change to a new one.

Please note that you must sign this form in order for your request to be processed.

Please read: All degree-seeking applicants must submit official scores on a standardized graduate-level test such as Graduate Records Examination (GRE) or Miller Analogies Test (MAT). Applicants to non-degree programs, including certificate programs, will not be required to submit a standardized test score.

Caution: If you have been awarded a fellowship (Lever, DAF, etc.) or graduate assistant position based on your degree program, changing your degree program may render you ineligible to continue to receive such an award.
