	Reasons for Program		M.S. in Counseling degree program has a long history at the University of Arkansas. Currently, there are 83 students in the degree program (none in the Student Affairs and College Counseling Concentration/Emphasis). The program continues to attract highly qualified students and has earned great respect in the state of Arkansas and across the country.

	Learning Outcomes		<p>1. All graduates of the program will demonstrate the knowledge, understanding, and abilities required of all professional counselors, regardless of counseling specialty, consistent with the following eight areas: professional orientation and ethical practice, social cultural diversity, human growth development, career development, helping relationships, group work, assessment, and research.</p> <p>2. 	Does Program Add/Delete Courses from Other Colleges		No
	Change Hours to Complete Program		No
	Adding Changing or Deleting a Concentration	No	Yes

	Description and Justification of the Request		<p>This request is to delete Student Affairs and College Counseling Concentration/Emphasis of the M.S. in Counseling degree program (CNSLMS-SACC). No students are currently enrolled in this concentration, and there has not been any demand for this concentration for several years. No courses will be deleted from the course inventory because courses that are required for this concentration are also required courses in two other remaining Clinical Mental Health and School Counseling concentrations.</p> <p>Deleted content includes the following sentence: "Emphasis in Student Affairs and College Counseling requires 48 graduate hours including the core and the following 21 hours" and five courses: CNED 5343, CNED 5373, CNED 5403, CNED 574V, and HIED 5033.</p> <p>There is a formatting issue and deleted courses show up under Clinical Mental Health Counseling Emphasis, which is confusing. But the courses themselves that show up as deleted were deleted correctly and belong to the Emphasis in Student Affairs and College Counseling.</p> <p>I selected Fall 2016 for "No new students admitted after" and "Allow students in the program to complete through" because there was no other relevant option, but these questions are not applicable since there are no students in the Student Affairs and College Counseling Concentration/Emphasis at this time, and we have not had any for a number of years.</p>
	Program Reviewer Comments		<p>lkulcza Tue, 08 Dec 2015 15:24:53 GMT Working with CourseLeaf to clear up the issue with how deleted courses are displayed. In the meantime, approving this so that it can continue through the approval process.</p> <p>agriffin Fri, 15 Jan 2016 17:01:11 GMT Changed effective date from fall 2016 to fall 2017 in CourseLeaf and LON. I also changed the title of the document to match the naming convention for the BOT.</p>

	How Will Students Be Accommodated		<p>One student is enrolled in the program. The student may continue the program until May 2017.</p> <p>An e-mail was sent to the student in the program from Dr. William McComas, program director:</p> <p>“I am pleased that you will sign up for the Professoriate Certificate and want to reiterate two things:</p> <p>1) if there are not enough students in the Fall Professoriate class we will not be able to offer it and you will not be able to earn the certificate and</p> <p>2) you must complete the certificate by May 2017 because that program will no longer exist after that time.”</p>
