Program Changes Pending Approval from Graduate Council

Code	Field	Old Value	New Value
CIEDPH	Effective Catalog Year	Fall 2019	Fall 2024
	What are the total hours needed to complete the program?	102	69
	Description and justification of the request	Course requirements (fewer than 15 semester hours) were updated to reflect current course offerings. While the edited document appears as though large swaths of the program have been changed, the only courses affected by this change are CIED 6643 Mixed Methods Research Design, CIED 684V Teaching Internship, CIED 6053 Curriculum Instruction: Learner Assessment and Program Evaluation and ESRM 6413 Experimental Design in Education.	Maintain program offerings that are current and consistent with trends in similar Ph.D. programs	Removed "Completion of approved Masters Degree" as a program requirement. Changed the total overall credit hours required to 69 from 102 to reflect this change. \\n\\nAlso clarified the language regarding GRE to accommodate the Grad School's GRE-optional change.	Removed "Completion of approved Masters Degree" as a program requirement because it is an admission requirement. The overall credit hours has been listed as 102, but the program of study really only requires 69 total hours. Since not all Masters degrees require 33 credits, this has created confusion and disparities between students. Also, "requiring" 102 credits is not accurate because it ostensibly counts the hours counted for the Masters twice. Once for the Masters and once for the Ph.D.

	Effective Catalog Year	Fall 2023	Fall 2024
	What are the total hours needed to complete the program?	96	54
	Description and justification of the request	Title and program code change\\n\\nAdmin update to department and code change from RHRC to CLRM. This change is effective Summer 2023.	Following market analysis research completed by the Global Campus, the change of the program's name is proposed to more closely align the program with industry nomenclature and the wording potential students are using when searching for Human Resource Development academic programs online. This will make the program more attractive to students and provide a degree name more in line with employer expectations.	Changed number of hours from 96 to 54 to better reflect the number of hours that are required. Updated admissions criteria and added a new Research course which modified the program of study which was updated.	To make admission criteria and hours required information more clear and to add a course to assist students with dissertation development.

	Description and justification of the request	Title and degree name change \\n\\nAdmin update to department and code change from RHRC to CLRM. This change is effective Summer 2023. | Following market analysis research completed by the Global Campus, the change of the program's name and degree is proposed to more closely align the program with industry nomenclature and the wording potential students are using when searching for Human Resource Development academic programs online. This will make the program more attractive to students and provide a degree name more in line with employer expectations. We are aligning the minor, undergrad, masters, and doctoral names for consistency. An accelerated Master's program has been created for students in the undergraduate human resource development degree that want to pursue a masters in human resource development in an accelerated fashion. | The accelerated program will enable the HRDE program to attract and retain high achieving undergraduates at the UA and produce a more streamlined pipeline to the MHRD program.	Changing number of hours for MS degree from 33 to 30 hours to fit ADHE guidelines that MS programs can be 30 hours. Removing the capstone course and replacing with a capstone experience/comprehensive exam. | To be more competitive with recruitment by not requiring extra hours above what other programs do. To match the established hours for MS programs from AHE.

	Description and justification of the request	Eliminated PHED 5243 - Sport Skill Assessment, reducing the total credit hours required to 30.	The necessary content in PHED 5243 is being taught in other PHED courses rather than isolating sport skill assessment in a separate course. The specific courses include PHED 5553 and PHED 5803.	An accelerated program is being created for the PHED-ME program.	The accelerated program will enable the HHPR department to attract and retain high achieving undergraduates at the UA and produce a more streamlined pipeline to the PHED-ME program. ADE content competencies for course substitutions (PHED 5803 for PHED 4703, PHED 5313 for PHED 4023) are being met.
