## CIM Report Mar 14, 2024 11:42am

### Course Changes Pending Approval from Graduate Council

Code	Field	Old Value	New Value
AFLS 60103		Added	
AMPD 50103	allcodes	AMPD 5013	AMPD 50103
	Course Code	AMPD 5013	AMPD 50103
	Proposed Effective Date	Fall 2019	Fall 2024
	Status Modifiers	Inactivated	
	Course Number	5013	50103
	Typically Offered	Irregular	Spring Even Years
	Course Delivery Method	On campus	Off campus
	Catalog Title	Advanced Apparel Pattern Design	Digital Communication in Apparel Retailing
	Short Course Title	ADV APPAREL PATTERN DESIGN	DIGITAL COMM IN APPAREL IND
	Catalog Description	Use of computer aided design technology to perform pattern making techniques for apparel production. Laboratory 5 hours per week.	Examination of a digital marketing with a consumer-centric view, technology and consumer trend. Emphasis on the evaluation and discussion of marketing and communication literature, understanding academic research structure, interpretation of findings, assessing implications of research for future directions in merchandising, and the development of manuscript.
	Prerequisite(s)	AMPD 3003.	
	Off Campus Delivery		Online/Web-based
	Title/Description Change Type		Major Content Change
	Justification		This course will be offered in the AMPD graduate program and the GPIDEA Merchandising offerings for the Certificate Program.
	Syllabus		AMPD 5013 syllabus.pdf
	Is Reactivate?		true
AMPD 52303		Inactivated/Deleted	
EDHP 59001		Added	
ENPL 50001	allcodes	PLPA 5001	ENPL 50001
	Proposed Effective Date	Spring 2018	Fall 2024
	Department Code	Department of Plant Pathology (PLPA)	Department of Entomology and Plant Pathology (ENPL)
	Subject Code	Plant Pathology (PLPA)	Entomology and Plant Pathology (ENPL)
	Course Number	5001	50001
	Can this course be repeated for degree credit?	Yes	No
	Total credits allowed	4	
	Total completions	4	
	Catalog Title	Seminar	Seminar on Presentation Skills
	Short Course Title	SEMINAR	PRESENTATIONS

	Catalog Description	Review of scientific literature and oral reports on current research in plant pathology.	First-year graduate students prepare an entrance seminar on their research plan and deliver it within the context of the departmental seminar series. The instructor of record and the students' major advisors provide guidance on seminar development, and students work together to practice their presentations prior to their seminar dates.
	Justification	Admin update to typically offered field.	Historically ENTO and PLPA have had separate seminar courses for graduate students. To better serve our students, we have decided to make those two seminar classes distinct from each other and have both ENTO and PLPA students take them. We are making PLPA 5001 a presentation skills course meant for incoming graduate students to take their first semester. Since this course will be taken by all students in the department, we are changing the course subject code to ENPL and will deactivate the previous PLPA 5001 seminar course.
	Course Code	PLPA 5001	ENPL 50001
	Syllabus		ENPL 50001.doc
	Reviewer Comments		ac087 - Wed, 13 Mar 2024 20:44:51 GMT - Adjusted workflow from major to minor. Changing the number for common course numbering triggered the incorrect workflow. ac087 - Wed, 13 Mar 2024 20:45:24 GMT - approving at PLPA chair since role no longer exists.
